**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have competitive DSL and it's the cheapest option I have in an expensive city. If companies like AT&T and Verizon get their way, and deregulation happens, there's no reason to believe they WOULD NOT raise prices. Affordable options are necessary options for many people without vast income. Not a lot of people can afford \$200+/month for internet. I support broadband competition.
